

To the honorable judge Doty,

Greetings to you and a profound salutation. My name is Jose. It is unfortunate that we have to meet in this manner and not under normal circumstances. In a normal setting, you would have met me in professional attire with a big smile. One would not have predicted I would end up in a federal detention center the next day. But, I did. I am the person who's work ethics raises eye-brows. I am the person who pulls over to help when someone's car breaks down in the middle of the highway. I am also the man, who on his day off, goes to McDonald's to buy burgers then gives them away to homeless or unfortunate residents on the streets. However, on May 28th 2020, I mismanaged, misguided, and misunderstood my intention to help someone who I thought was in desperate need of help- his name was George Floyd. I had attended one protest before in Belgium years ago over organic vs. processed foods but nothing like this one. The May 28th protest was not a protest at all, it was a chaos. I was easily swept away by the motion of the ocean that day and committed a mistake that will live with me for the rest of my life. That day I committed a crime that no business owner can respect. I intentionally set fires to certain places. I was carried away by the monkey-see-monkey-do syndrome. It was random, it was spontaneous, it was stupid. The people I hurt the most were my wife and my two little babies that I often cry for. I put my wife in a predicament and my children in a situation where I cannot father them. My family and those around lost faith in me, especially my wife's family. I hurt and caused damaged to them and to myself. I have begun the process of redeeming myself but the process will be long, slow, and painful. I sincerely and profoundly apologize to the community of St. Paul for the damage I brought to them that day and would like to say that I am deeply sorry. To the protesters around the country, my message to them is this: violence ***is not*** the solution. What point is there in hoping for a better society while destroying it at the same time? Your honor, I respectfully and humbly request for leniency in my case. I can do better because I have learned so much from just the trauma of this experience. It has been two years and since then I have re-assessed my decision making and learned that in life things are best achieved in a peaceful manner. Life is too short and precious for violence. Mahatma Gandhi one time said, "Victory attained by violence is tantamount to a defeat, for it is momentary." I swear to live by this profession. You will never see me in this courtroom again. Thank you for your time, your honor.

-Jose

To the honorable judge Doty,

My name is Erick Felan, one of Jose's brother's, the second oldest of the 4 siblings. I am writing to you today because by now, I'm obviously already aware of the huge and serious mistakes my brother has done. I wish this would of never happened. It hurts to see and know my brother is in jail for something that could of been avoided. My brother has always been a great person and very well educated. My parents raised all of their 4 siblings with lots of love and to be great people in life. Growing up with my brother Jose was an adventure. He taught me great things in life. He always liked to help others who were in need of assistance, rather it was something simple or huge. Jose is definitely not the bad person as it seems or other people might think he is. We want Jose to reunite back with his family. I'm keeping Jose in my prayers for him to be safe where's he's at. Even though Jose is nearly 1,300 miles away from us, in a way we try to keep Jose close to us as if he were here with us.

Your honor,

I respectfully request for leniency in Jose's case. I know he can do better and I'm sure he will. Everyone does mistakes and I know Jose has and will learn a lot from this one.

Judge Doty, thank you for your time,
your honor.

Erick Felan,

Judge Doty

Dear Judge Doty, I would like to thank you for taking your time to read this letter regarding my brother Jose Felan. If I could describe to you how loving and caring my brother is, I agree he made a big mistake, he regrets it 100 percent. My mother, father and all siblings miss him and would love for him to come home soon. He as well has children that miss him tremendously! If I could sit here and write ~~to~~ and describe how smart and loving my brother is, I don't think I'd have enough paper. At this point I can say he's one of the smartest person I've met. We miss him so much and would just love him to come home with his family soon so we can all be reunited. I thank you for your time and appreciate it all.

Sincerely,

April Felan

To the honorable judge Doty,

My name is Jose Felan Sr., the father of Jose Felan Jr.. Today, I still can't believe the situation my son Jose got involved into. I wish all of this was just a dream. As a father of 4, 3 boys and 1 girl, I showed my sons and daughter how to be great kids and adults. Their parents always made sure they never went a day without food. I told them once when they were all kids, in life later, there will be many obstacles and mistakes. We all learn from mistakes and will become stronger from the falls of these obstacles. An example they all know from myself, I've had over 10 surgeries, most of them being heart surgeries and the other surgeries involving colon cancer. Jose knows how I had to come back stronger from these obstacles and learn from these awful experiences. Luckily for me, I can proudly say I'm a survivor of colon cancer. My son Jose has always been a good person, down to earth guy who gets along with everyone. He should not be where he's at right now. He has education and can definitely be in a better place.

I hope Jose learns from his mistakes.
I love Jose and all of my kids so much.
Every day I pray for Jose and hope to
very soon see and hug him again.

Your honor,

I respectfully request and ask the
court for leniency in my son Jose's case.
I very well believe Jose will come out
a changed man to move on in life with
his wife kids.

Thank you Judge Doty for your time,
your honor.

Jose Felan Sr.
